

Down's Syndrome Association Of Tamilnadu

Yoga Mandiram has been unique in reaching out to individuals with Down's Syndrome. The program was most effective in the rehabilitation of more than 25 persons with Down's Syndrome in the year 2010. The program not only helped them to handle basic medical issues but we saw a tremendous impact on their attitude and confidence. The staff involved at that time saw visible changes in all the children

Dr. Surekha Ramachandran

President Elect-Down syndrome International

Chair Person- Down syndrome federation of India

Chairperson- Down syndrome Association of Tamilnadu
